COMMERCIAL MILK FORMULA MARKETING: ORGANIZING FOR IMPACT

WD4494

PROGRAM DESCRIPTION: This enduring activity is designed to increase knowledge of the International Code of Marketing of Breast-Milk Substitutes while highlighting potentially useful shifts in approach moving forward. Content experts shared current status of commercial milk formula marketing and labeling in the U.S. and highlighted opportunities for collaborative change to improve the landscape for breastfeeding success.

OBJECTIVES:

At the conclusion of the session, the participant will be able to:

1. Name two ways advocates are working to limit the reach of formula marketing in the US
2. List three potential approaches to shifting formula marketing practices at the local, state, or federal level
3. Describe the importance of interprofessional collaboration in addressing false claims about infant formula or toddler milks.
